MEET WITH A TUTOR

About our Approach

Meet with a tutor at any point in your assignment process. We offer support in the following areas:

- Understanding an assignment or difficult reading
- Brainstorming ideas
- Drafting or revising a writing assignment or artist statement
- Preparing to present or speak about your work
- Working with research sources and citations
- Writing thesis statements and developing arguments
- Building outlines and first drafts
- Preparing for exams
- Developing critical thinking around studio work.

ONE-TO-ONE TUTORING APPOINTMENTS

We support with any assignment from any class, studio to liberal arts and sciences. Our approach is collaborative and facilitative: we believe that students and tutors both take part in directing the discussion and identifying the goals of the meeting.

How It Works:

You can expect to leave your tutoring appointment with a clear sense of next steps and a strategy or resource for following that plan.

Appointments are 45-minutes long and can be self-booked online.

DROP-IN TUTORING

How It Works:

Drop-in tutoring happens every weekday through the Fall and Winter terms, and Monday-Thursday during the summer.

Students are seen on a first-come, first-served basis: no appointment needed!

You are free to work in room 512 before and/or after a session.

Drop-in sessions last for 15 minutes, and are best for quick questions and feedback.

Drop-in sessions are open to any current undergraduate student.

HOW TO BOOK

Current students can log into TutorTrac at wlcbookings.ocadu.ca

Log in using your OCAD U ID, select your desired criteria, and choose a day and time.

You are welcome to visit the WLC for in-person assistance with booking. You can also call or email us.

You may book up to one appointment per week, up to 3 weeks in advance.
